About Me

Passionate and motivated Frontend Web Developer, with a year of experience in building different clone projects and courses like Web Development Bootcamp by Dr. Angela Yu. Currently student of BS-Computer Science working on FYP and Looking for an opportunity to work in a challenging position that encourages me to combine my technical and nontechnical skills towards building profitable solutions by being an active team player. My main goal is to keep on learning Web Development and improve my skill set in frontend development and looking forward to gain expertise as backend developer.
